We have a Civil Licence that allows your ceremony to take place

YOUR PERFECT WEDDING DAY

Drinks and Canapes

With lovely view over Edinburgh Castle and cosy surroundings the club provides the perfect backdrop for your drinks and canapés.

If the sun is shining, the roof terrace will delight your guests as they sip champagne and take in the views.

Have a look at our wine list and drinks packages to select your wine or champagne and simply choose from our canapés list to keep guests' hunger pangs at bay while you are having your photos taken.

Allow around 1-1 ½ hour for your drinks reception.

YOUR PERFECT WEDDING DAY

Wedding Breakfast

The food you serve to your guests is one of the most important aspects of your wedding day and we have provided a menu selector to help you make a decision that suits your own preferences and your budget. If you wish to offer a choice to your guests we are happy to discuss this and to give you a price accordingly.

The maximum number we can seat for a meal is 100 in our function room or Restaurant 100. If yours is a smaller more intimate wedding we can seat up to 42 guests in our smaller function rooms.

We provide white table linen and napkins, but if you would like different coloured napery we can hire it in for you.

Allow approximately 2-2 ½ hours for a three course meal with coffee.

Allow additional time for a receiving line, cake cutting, speeches and toasts.

NB: We reserve the right to have one of our function rooms set up as a dining place and opened for members and residents.

Our Team

Once you have viewed the club and confirmed your booking with a deposit, your details will be passed to our wedding co-ordination team who will meet with you to discuss your requirements in more depth. They will assist you with planning your catering requirements and will advise on timings and other organisational issues.

An event summary will be produced which will contain all your details and this will be used to brief the food & beverage team who will look after you on the day.
